## 4 MORE LOCAL BURGLARIES EARLY SUNDAY

Burglars early Sunday morning broke into four local establishments, securing about \$100 for their efforts.

State police said a burglar or burglars broke a window in a door to the lubrication section in the "Direct to You" service station along the Lincoln Highway about two miles east of here. Inside the building, the burglars went to the office portion and removed \$20 from a cash drawer and broke open the cash box on a soft drink dispensing machine, removing an estimated \$2 in change.

Gettysburg police said burglars broken into three establishments at the eastern end of York St., "in a row" along the south side of the street.

**Considerable Damage**

Windows were broken by the burglars to enter the Gettysburg Motors, the Snack Shack and the Rogers Sunoco station. In each of the establishments, the burglars broke open cigarette machines to remove the coin boxes.

Borough police estimate that the burglars secured about \$75 to \$80 from the three cigarette machines.

No estimate was made of damage, but police said the machines were badly battered and in addition the windows were broken to obtain entrance into the buildings.

Police said there was no evidence from the preliminary investigation which would tie the burglaries in with the four which occurred Tuesday morning at the Court House here, service stations at Bonneauville and Littlestown and the Midway Drive-in Restaurant.

## BLAZE CAUSES \$1,000 DAMAGE

A chimney fire which expanded into a more serious blaze Saturday morning did \$1,000 to the home of Mr. and Mrs. Merle Kime, Gardeners, Saturday. Firemen from Bendersville battled the fire for more than two hours. Kime, who is employed at the C. H. Masland Co. in Carlisle, was hunting at the time.

Mrs. Kime, at home with her two children, said that she thought the chimney was afire during the morning and that she had dashed some salt into the kitchen range. Later at about 10:30 she went to a neighbor's home to call the fire company.

Firemen said that at first they thought the fire was contained in the flue but discovered later that the overheated tile flue had ignited wood work. Fire damaged a portion of the wall of the kitchen and a bedroom above and spread into the space between the second story ceiling and roof.

Mrs. Kime said that the house is the property of her mother-in-law, Mrs. Mary Kime, Gardeners, and that she believed that there is insurance coverage on the building. No insurance was carried on the contents which suffered mostly water damage, she said.

## Episcopalians Are Planning Expansion

An expansion plan for the Prince of Peace Episcopal Church and its Church School was "endorsed 100 per cent" at a dinner meeting of the congregation Sunday evening with the Rt. Rev. Dr. Earl M. Honaman, bishop suffragan of the Harrisburg Diocese, in attendance.

The need for expansion of the physical facilities of the congregation was pointed out by the rector, the Rev. Fr. Harold Mowen, who said the congregation has "more than doubled" numerically in the last two years and the Church School enrollment has increased "by four times" in the same period.

The need for additional space for the Church School and for modern kitchen facilities is to be met in the expansion program that was under discussion Sunday evening.

Details of the plan will be completed later.

## POOR HOLIDAY SEEN FOR MANY

It's going to be a pretty slim Christmas for many of the 90 needy families whose cases have been registered with the Holiday Bureau here unless there is much more response from organizations and persons wishing to provide baskets and others gifts to families this Christmas. Mrs. Ramsay Jones Jr., in charge of the bureau, said today.

The bureau, being staffed this year by the Gettysburg Woman's Club, gathers information on needy cases and intended donors to provide a clearing house, directing giving to where it is needed and avoiding duplicate giving. The bureau does not handle gifts or donations directly; its service is strictly information, Mrs. Jones said.

The YWCA is headquarters for the Holiday Bureau this year and telephone calls are being received there—the number is 98—from 9:30 to 11:30 a.m. and from 2 to 4:30 p.m., Mrs. Jones said, but added that for any group or person finding these hours inconvenient to call, she will accept calls at her home in the evening, phone 896-W.

Some of the more needy cases, she said, are in places in the county outside of Gettysburg. She said that the bureau stands ready to serve organizations throughout the county.

## Three Truck Drivers Die In Bunkhouse In Missouri

LANCASTER, Mo. (AP)—Three truck drivers, weary from the long drive from central Arkansas to this north Missouri village, went to sleep in a truck stop bunkhouse. All three of them died there.

Why? At this stage, no one knows.

Coroner Bryce Norman said the first victim apparently died of a heart attack. Autopsies on the bodies of the other two were inconclusive. Tissue samples will be tested by state police.

The chain of death began Friday, when 24-year-old Louis Lee Warden of Little Rock pulled into Lancaster with a truckload of farm tractors from Malvern, Ark. It was 1 a.m. and he had covered more than 600 miles.

Warden said he was ill and went to bed in the bunkhouse which Ed Judd maintains at his service station-restaurant on U.S. Highway 63. Late that afternoon, Warden was found dead.

He suffered from a heart ailment. His death was attributed to the disease and his body was sent back to Little Rock.

Warden's employer D. W. Hoskins of Malvern sent two drivers north with a load of lumber. They were John Parker, 26, Little Rock, and William Briner, 22, Malvern. One was to drive Warden's truck back to Malvern.

They went to bed about 1 a.m. Sunday. At 7 a.m., both men were found dead.

Coroner Norman said the 18-by-24-foot bunkhouse was heated by a stove which burns bottled gas. He has asked for a state inspection to determine if the heater is releasing lethal fumes.

## ELKS' ANNUAL MEMORIAL RITE IS HELD SUNDAY

"We honor our dead not because they died, but because of what they contributed while they were alive," Dr. Herbert E. Bryan, New Oxford, an official of the Pennsylvania Department of Public Instruction, told 160 gathered at the Elks lodge, York St., Sunday night for the annual memorial services held by the local lodge.

He held that "in honoring the memory of those who contributed so much to our lodge, our community and our people, we should not only recall the members of our lodge who died but all of our citizens who have given much for our community and country."

A day of remembrance should also be a day of rededication. Today as we honor the dead we recall that some 17 years ago today was the day of the sneak attack at Pearl Harbor, and because of that today has been chosen as Civil Defense Day, that our remembrance of those who gave their lives at Pearl Harbor may be a rededication to make sure our nation continues on the alert. We need be even more on the alert than ever before because in these days of flying missiles and huge bombers any sneak attack will come not on some outlying base as Pearl Harbor, but on our continent itself.

"Since the Revolution 23 1/2 million American men and women have been in the armed forces of our nation in war time. We have

## 25-Year-Old Carpenter Admits Running Over And Killing Wife On Oct. 11

An investigation of an automobile death listed first as an accident resulted in a murder charge against the dead woman's husband, a 25-year-old carpenter.

James Richard Rowles, of Gardners R. D., was in Cumberland County jail today pending Grand Jury action. He was arraigned Saturday before Justice of the Peace James D. Griest of Carlisle.

State Police Cpl. C. J. Shovlin said that Rowles signed a statement that he released the brakes of his automobile and allowed it to run over his wife, Mrs. Janet May Weidner Rowles, 24, mother of a 10-month-old daughter.

**Cites "Peculiarities"**

Shovlin said the investigation was made because of what state police regarded as "peculiarities" in the auto death near Mt. Holly springs last Oct. 12.

The state police corporal said that Rowles in his statement related that while out driving with his wife and daughter, Suzy, he stopped the car on a grade to fix a tire, that his wife walked to the rear of the car, that he released the brakes and the vehicle backed down the grade, crushing the woman.

Shovlin said that records showed that Rowles married Faye Louise Yeingst of Carlisle R. 6 at Lancaster Nov. 29. He said there was "no indication that she (Faye) knew anything about it" (the death).

**Tire Needed Air**

Shovlin, quoting from a statement which Rowles gave investigators, gave this account of the alleged crime:

Accompanied by his wife and infant daughter, Rowles was driving southward on Rt. 94 about 10:30 p.m. on Oct. 11 when he felt his left rear tire was going flat.

Rowles stopped the car, got out and looked at the tire and decided to change it. The tire wasn't flat, but it needed air.

**"Swung Downward"**

Mrs. Rowles, waiting in the car with Susie, got out after a while and walked around to the rear. The tire had been changed, but the bumper jack was still up. The auto was heading up a grade.

Rowles reached into the trunk, got out a wooden two-by-four and "swung downward" on his wife's head. She sank to her knees, then fell prostrate.

Removing the jack, Rowles got into the car, released the brake and permitted the vehicle to drift backwards. The left rear wheel passed over the woman's body.

Getting out of the car, Rowles had a "change of heart" and de-

## DIVORCES WIFE HE MET THRU AD IN WINDOW

LONDON (AP) — A 69-year-old ex-schoolteacher won a divorce today from the wife he got through an advertisement in a shop window 10 years ago.

Percy Gordon Wimberley was 60 when he put up the advertisement, which said he was seeking a "versatile well-bred lady for companionship and exchange of views."

A 43-year-old woman replied to the advertisement. They became friends and eventually got married.

A divorce court judge told the story today when he granted a decree of divorce to Wimberley on the ground that his wife, Dorothy, committed adultery with a man to whom she said she rented a room.

### Deny Allegation

The man and the wife denied the allegation.

The judge dismissed a cross petition by the wife for a decree of nullity on the ground of her husband's alleged incapacity to consummate the marriage. Wimberley denied that charge.

Said the judge: "The marriage was by no means under the best auspices. Neither party was in the first flush of youth. Both had been married before and obtained their divorces on the ground of desertion."

## 25-Year-Old

aided to "try to help" his wife. She was lying under the car, between the front and rear wheels.

### Location Changed

He picked her up, put her on the back seat, turned the car around and drove into Mt. Holly Springs. There, he went to the home of Police Chief Stoerzinger, with whom he was acquainted.

The chief was out, but Mrs. Stoerzinger called an ambulance. Mrs. Rowles was rushed to Carlisle Hospital, where she died about 6:45 a.m. the next day without regaining consciousness.

Before telling police about the "accident," Shovlin said, Rowles decided to change the location—to a steeper grade nearer town—so his story would be more credible.

Shovlin said police became suspicious because there were no signs of a car having stopped at the spot Rowles pointed out, nor had people living nearby seen a car stopped there.

### Services In Bendersville

Mrs. Rowles was a daughter of Chalmers and Mary (Kline) Weidner, Gardner R. 2, and had been a member of the Goodyear Lutheran Church, the Fidelity Sunday School class and the Ladies Aid Society of the church. Funeral services were held October 13 from the Dugan Funeral Home, Bendersville, with the Rev. H. Earl Scholtz officiating. Interment was made in the Good-year Cemetery.

Mrs. Rowles' survivors include her parents, her husband, the young daughter, Susan Mary, and three brothers and sisters: Leroy, Elvin and Robert Weidner, all of Gardner R. 2; Mrs. Marian Paxton, Gardner R. 2, and Mrs. Kathryn Rowles (married to a brother of Mr. Rowles), Carlisle Mountaineer.

The autopsy conducted at the Dugan Funeral home, showed death to have been caused by a crushed skull.

## YORK COUNTY

A 76-year-old woman was carried to safety from her second story bedroom when the first floor of her home in York was discovered ablaze late Sunday night.

Firemen responded to a call from a neighbor and carried Mrs. Anna Williams from her home while they battled the blaze, which was caused when a boiler overheated and set the wooden beams and joists in the first floor afire.

District Attorney Frank B. Boyle, who has embarked on a campaign of prosecuting store owners doing business on Sundays in violation of the state's Sunday blue laws, said Sunday night that charges will be filed today against three businesses found operating Sunday and that other businesses which may in the future be found violating the blue laws will also be prosecuted.

The three businesses the district attorney said he charged today are Toy Fair, 116 S. George St., York; People's Service Store, Continental Square, York, and Eyer's Service Station, Hellam. Sale of "non-essentials" is being charged in each instance, officers said.

Louis W. Kauffman, owner and operator of Toy Fair, paid a \$4 fine and \$11.90 in costs last Wednesday after he was arrested for doing business Sunday, November 30.

Kauffman said he had purchased toys in two drug stores on the same day "just to prove I'm not doing anything different than any-

## ONE HUNDRED YEARS AGO

**Pastoral:** The Rev. Basil Shorb has become the Pastor of the Catholic Church in this place, and has his home with our neighbor Jacob Norbeck. We believe it is contemplated to have services here three Sabbaths in each month — the balance of his time to be given to the Churches at Fairfield and in "the Mountain."

Mr. Shorb is a native of this county (son of the late John Shorb, Esq., of Union township), and is much esteemed by all enjoying his acquaintance.

Mr. Alexander Koser has been appointed the Agent of the Gettysburg Railroad Company at this place. Possessed of good business qualifications, a proper degree of energy and an accommodating disposition, we doubt not he will make most efficient and popular officer. He will have charge of the Passenger and Freight business.

The new church of the "United Brethren in Christ" in Hampton, Adams county, is now nearly completed and will be dedicated on Sunday the 2d of January next at 10 o'clock, A. M.

**Young Men's Christian Association:** The first annual meeting of this association was held on the evening of the 27th ult., for the election of officers, receiving reports, etc.

The following gentlemen were elected, to serve the ensuing year:  
President — R. G. McCreary, Esq., of Presbyterian church.  
Vice Presidents — Rev. J. R. Keiser, (St. James Church) Lutheran; J. L. Schick, Methodist Episcopal; Dr. Chas. Horner, Presbyterian; R. A. Little, German Reformed; D. A. Buehler (Christ Church) Lutheran.

Recording Secretary — Wm. B. Meals (St. James' Church) Lutheran.  
Corresponding Secretary — M. S. Converse, Presbyterian.  
Librarian — J. C. Thompson, Methodist Episcopal.  
Treasurer, J. L. Schick, Methodist Episcopal.

## Today's Talk

**YOURSELF IN IT!**  
Wouldn't it be wonderful if everybody put his or her whole soul into whatever he or she did? What a different world this would be! Think of the things that enthusiasm has created. I think it was Emerson who said that nothing great was ever achieved without enthusiasm.

I was much impressed with a story of the young wife of a playwright. She was telling me of the enthusiasm and interest thrown into the first accepted play of her husband. "All during the time of preparation," she said, "he lived right in it." Edison was so absorbed in his work that he rarely could arrange the time in which to enter into the interests of others. Invited to join others in the celebration of one of his birthdays, he wired that he was "especially busy" that day! Even while one of his early plants went up in flames he withdrew, before the fire's finish, and got his builders to start all over again. I once went through his interesting laboratory that Henry Ford had reconstructed as a tribute to Edison. I was amazed at the many inventions he had created. Once proved that these were in the successful stage, he turned them over to others while he started something new. The days for Edison were never long enough.

It is said of Hercules, the god of force, that whether he stood or sat, or whatever he did, he conquered. Put yourself into what you do and you will be a conqueror!

When you read a book, do what the author did. He put himself into it. Every great athlete becomes great by putting all that is in him into what he performs. Most of the joy of living is in the living itself. Be glad you live — then keep putting yourself in to all you do. Be a person worth meeting!

Tomorrow Mr. Adams will talk on the subject: "Secondhand Book Shops".

## Just Folks

## FRIENDSHIP

You needn't be rich to have friends,  
You needn't be great to be true;  
On what you are, friendship depends  
Far more than on what you can do.  
You may live in the simplest of style  
And play but the humblest of parts,  
But if you have the courage to smile,  
Be decent and scorn what is vile,  
You'll be loved by a legion of hearts.

You needn't be famous to know  
The best that the world has to give;  
Thousands to you love will show  
No matter how simply you live  
If only you're honest and kind  
And cling to your principles high;  
Though with money your pockets aren't lined  
You will leave just as many behind  
Who will miss you and mourn when you die.

fraction in peculiar conditions of the atmosphere while others insist that the earth is passing through a vast body of meteoric dust.

The Hanover Herald improves on the ordinary descriptions of the phenomenon and insists that on Nov. 27 the employees on the early train of the Baltimore & Hanover Railroad not only saw the glow of "crimson and golden fires," but that "an immense American Flag, composed of the national colors, stood out in bold relief high in the heavens, continuing in view for a considerable length of time. It gradually faded from view and was replaced by a white flag or streamer, with a black band extending across the center."

Neither the comet's tail or meteoric dust will satisfy the flag problem.

## TRUMAN SAYS '60 CONTEST "WIDE OPEN"

By JACK BELL  
WASHINGTON (AP) — Former President Harry S. Truman said today the 1960 Democratic presidential nomination contest is so wide open at this time he hasn't any idea who the winner will be.

Truman, who backed Gov. Averell Harriman of New York for the 1956 nomination which went to Adlai E. Stevenson, said he is keeping hands off in the scramble at this point.

"We have got a lot of good going men in the party who would make fine candidates, and I don't want to do anything to hurt the chances of any of them," Truman said in an interview.

**Several In Field**  
While Truman's support is not likely to be decisive, the former President's backing might provide the impetus needed for one of several individual aspirants to forge ahead in what now appears likely to be a closely bunched field of contenders in 1960.

The prospect that several may arrive at the July 1960 convention with about equal strength revived speculation at weekend Democratic meetings here of the possibility of a third nomination for Stevenson.

Stevenson himself merely repeated his recent statement that he won't be the nominee. And Jacob M. Arvey, Illinois national committeeman, said he thinks the party's 1952 and 1956 standard bearer would be a "very reluctant dragon" so far as a third race is concerned.

**Says Adlai Can't Win**  
Nevertheless, Arvey said he is not ruling out the possibility the convention might turn to Stevenson if several rounds of balloting should indicate a deadlock.

However, Gov. A. B. (Happy) Chandler of Kentucky, himself a candidate for the 1960 nomination, said he doesn't believe the convention will nominate a man who has lost two elections.

"Stevenson can't win," Chandler said.

## 17-DAY STRIKE AT TWA ENDS

KANSAS CITY, Mo. (AP) — Trans World Airlines resumed scheduled flights early today after a 17-day shutdown because of a machinists' strike.

The first flight left New York shortly after midnight bound for Los Angeles nonstop.

Eastbound international flights also began today, and westbound planes from abroad will take off later in the week.

The strike of 6,700 machinists ended Saturday night with an announcement that a majority of the members in 20 locals of District 142, International Assn. of Machinists, had ratified an agreement reached here Wednesday.

## ALGERIA IS JOLTED AGAIN BY DE GAULLE

By ANDREW BOROWICZ  
ALGIERS (AP) — French Premier Charles de Gaulle has put another damper on the hopes of French extremists in Algeria who have called for the territory's speedy integration with France.

Ending a five-day tour of Algeria and the Sahara, De Gaulle called Sunday night for the realization of "liberty, happiness and dignity" for Algeria's nine million Moslems before any political settlement.

In a recorded three-minute speech broadcast as he left by plane for Paris, he also avoided saying he will integrate Algeria politically and economically with France.

"Every man and every woman here should have their liberty, their happiness and their dignity," the Premier said.

**Will Push Plan**  
"As this is being done, we will see much better revealed the living personality of Algeria on the one hand, and on the other the nature of things which unite it with France."

"It is when this is done that the so-called political solution will appear, practically and reasonably."

His remarks indicate he intends to go ahead with his ambitious five-year social and economic development plan before trying to solve Algeria's political problems.

De Gaulle's tour of the new Sahara oil and natural gas fields brought to light new estimates of their recoverable reserves, which now are expected to supply France with vital fuel for 80 years.

France at present consumes about 25 million tons of oil yearly.

By 1962 Sahara fields and the Gabon fields in Equatorial Africa are expected to produce 40 million tons of crude oil yearly.

## Nabbed After They Robbed Cop's Home

PHILADELPHIA (AP) — Two men paired to go into business as an illegal team, then made a big mistake in their first job.

They broke into the home of Police Commissioner Thomas J. Gibbons and stole his pistol. The commissioner was on a fishing trip at the time.

The act riled Gibbons and his force set out after the intruders. Rufus Hawkins and James White, both 26, were arrested Sunday on burglary charges.

Police said they took the pistol as well as loot valued at \$50,000 in some 50 burglaries since last summer. The men admitted the burglaries, police said. Much of

## DEMOCRATIC PROGRAM MAY BE SLIGHTED

By JACK BELL  
WASHINGTON (AP) — The Democratic Advisory Council's broad legislative program appeared likely today to get only passing attention from a Congress which may be more interested in national security than social security.

In its first meeting since last month's elections bolstered Democratic majorities in both House and Senate, the policy-shaping council drafted a 24-point program of goals for the 86th Congress Sunday.

The pronouncement, the most comprehensive and far reaching ever issued by the 24-member council, called for action on a wide range of issues from expansion of Social Security to strengthening of civil rights.

It made no specific recommendations, however, on such things as outer space developments which Senate Democratic Leader Lyndon B. Johnson of Texas stressed last month—also in general terms—in a 12-point legislative program for the new Congress. Johnson omitted civil rights from his program.

The council's action put a fresh accent on the liberal views expressed by many of the new Democratic Senate and House members elected last month.

## Newsboy Rejects \$15 Reward Money

DALLAS, Tex. (AP) — Newspaper carrier Bruce Shockey, 14, turned down a \$15 reward for routing a sleeping family from a burning home.

He was delivering copies of the Dallas News about 5 a.m. when he spotted smoke surging from the home of Mr. and Mrs. Donald H. Heil and their two children. They fled unhurt after his pounding on the door waked Mrs. Heil.

"I looked at the burned house and decided they needed the money worse than I did," Bruce said.

## Red River Takes Mile Off Texas

YUBA, Okla. (AP) — The ever-changing Red River, the border between Texas and Oklahoma, has cut a new channel near here, annexing a mile-square area of the Lone Star State to the Sooners.

No families were living in the new Oklahoma territory, formerly part of Fannin County, Tex.

The U.S. Supreme Court has ruled the south bank of the Red River is the dividing line between the two states. And the constantly changing stream poses problems for tax collectors of both states, since one state can't legally tax residents of another.

## Mountaineers Weaken In Second Half And Bow To Hoyas 85-76 Saturday

After setting a brisk pace throughout the first three-quarters of the game, the Mt. St. Mary's basketball team yielded its lead and bowed to Georgetown University 85-76 Saturday evening at Emmitsburg.

The Mountaineers threw a big scare into the Hoyas by rushing off to a 14-2 lead in the first five minutes of play and at half time were on top 41-36.

Georgetown kept coming in the early minutes of the second half and took the lead for the first time on Tom McCloskey's three-point play at 58-55 after 10:11 minutes. From that point on Georgetown was in front.

Cage Gets 24  
Ernie Cage, the Mount fresh-man ace, again topped his team in scoring with 24 points and sparked the Mountaineers throughout the first half. Other Mount players scoring in double figures were Bert Sheing with 16, Jerry Bohlinger with 12 and Jack Marshall with 11.

Brian Sheehan, a 5-8 speedster, paced Georgetown with 26 tallies and was backed up by a 22-point effort by McCloskey.

The Mount (1-2) opens its Mason-Dixon Conference schedule Wednesday evening by engaging Baltimore on the latter's floor.

## BLOCKED KICK SAVES GIANTS

Associated Press Sports Writer  
DETROIT (AP) — A blocked kick and a fake kick have carried the New York Giants into a head-to-head battle for the Eastern Conference championship of the National Football League.

Harland Sware blocked a field goal attempt with 73 seconds to play Sunday and saved the Giants' 19-17 victory over the Detroit Lions.

The fake kick came early in the final period when the Lions were leading 17-12. They elected to gamble on fourth down. The run from punt formation fizzled and the Giants, 1956 world champions, moved for a TD and a 19-17 lead.

Despite the backfire, the Lions threatened to knock the Giants out of contention. A Jim Martin had a perfect shot at a 25-yard field goal for the three points that would have given Cleveland a tie undisputed title.

But Sware, a 27-year-old line-backer from Washington State, barreled through and got his left hand on the ball. A New York player fell on the ball and the Giants waltzed through the remaining seconds.

## Italian Tennis Will Meet Yanks

MELBOURNE (AP) — Italy made a clean sweep of its Davis Cup tennis interzone semifinal with the Philippines today as Nicola Pietrangeli and Giuseppe Merlo scored victories in the concluding singles matches.

Italy had clinched an interzone final berth against the United States by taking a 3-0 lead in Sunday's doubles victory.

Pietrangeli defeated Miguel Duno 6-2, 6-2, 6-2 and Merlo beat Juan Jose 6-2, 7-5, 6-1 for the sweep.

The U.S.-Italy match will be played at Perth Dec. 19-21. The winner then challenges Australia.

## RICHARDSON GETTING READY FOR ITALIANS

MELBOURNE, Australia (AP) — Ham Richardson, regarded as the mainstay of the U. S. Davis Cup team although he never has won a match in the Challenge Round, left his teammates behind today and headed for Perth to get ready for the interzone final against Italy.

Richardson, as was to be expected, was the first named when Captain Perry Jones listed the four-man team to face the Italians at Perth Dec. 19-21.

The others named were big Barry McKay, Dayton, Ohio; Peruvian Alex Olmedo, Los Angeles; and youthful Earl Buchholz, St. Louis. Chris Crawford, 19, Piedmont, Calif., is the other member of the U.S. squad.

Jones immediately dispatched Richardson to Perth, in dry, hot western Australia, to get adjusted to the conditions there.

"I thought it best to get Ham out to Perth to see how he reacts to the climate," Jones explained. "The rest of the boys will remain here until the last of our team is eliminated from the Victorian Championships."

Buchholz performed sensationally at Sydney and McKay and Olmedo are in the singles quarter-finals here.

Jones emphasized that his choice of players for the singles and doubles matches against Italy will be decided by head-to-head competition when the entire squad reaches western Australia.

## KENTUCKY IS VICTOR OVER TEMPLE SQUAD

By HUGH FULLERTON JR.  
Associated Press Sports Writer  
Kentucky may have nearly as good a basketball team as when it won the NCAA championship last spring. Four of the five starting players are gone.

But if Coach Adolph Rupp is short of talent, you can bet he aims to find out soon.

He is used to being surrounded by better-than-average basketball players. Left this season with only talented Johnny Cox from the team that gained a surprise victory in the NCAA tournament last March, he has put together a squad that has won its first two games.

**Kentucky Wins**  
Kentucky thumped Florida State 91-68 in its opener and then outscored Temple, one of last season's toughest rivals, 76-61 in the Philadelphia Palestra Saturday.

This week the Wildcats take on a good Duke team at Durham, N.C., tonight, then return home for games against Southern Methodist Thursday and St. Louis Saturday. The three games should be a real test for Kentucky. SMU, clouted Iowa 65-55 last Saturday and St. Louis made Ohio State its second victim 77-68.

**W. Va. Wins Again**  
These are indeed trying — and traveling — times for the teams like Kentucky that have begun to emerge as possible national powers. West Virginia, rated No. 1 last season in The Associated Press poll but an early loser in the NCAA playoffs, Kansas, Kansas State, Cincinnati, Northwestern, North Carolina State, Tennessee and a few others have been and will be scattering their appearances all over the map. Not until after the Christmas holidays will most of them settle down to serious conference competition.

West Virginia's Mountaineers, who have managed to keep Coach Fred Schaus jittery while winning three games, the latest a 76-63 decision over Penn State, take on The Citadel, Duke and Virginia, Kansas State, 82-79 overtime winner over Indiana, heads a three-pronged Big Eight invasion of the Pacific Coast. Tennessee, a tournament winner already, faces a rugged Wake Forest team that carried N.C. State to two victories before losing 56-52.

## Hofstra Tops Bullets 74-64; Frosh Triumph; Lions Here Wednesday

Hofstra College (1-1) took the lead for keeps early in the second half and handed the Gettysburg College cagers (0-3) a 74-64 defeat here Saturday evening as Ted Jackson and Stene Dunn sparked the Dutchmen to their second half spree and victory.

The first half was close throughout although listlessly played.

Hofstra jumped out to a 4-0 lead before Walt Melnik landed a foul for the Bullets. The score was deadlocked at 5-5, 9-9, 11-11 before the Bullets spurred to their big lead at 16-11 after 8:20 minutes on a foul by Del Warfel and a pair of jump goals by Frank Grzelecki and Jack Hathaway.

**Score Close**  
Three straight goals by Dunn, Curt Block and Sam Toperoff put the Dutchmen on top again at 17-16. Warfel rammed through a pair of goals to send the Bullets

ahead 23-22 with less than three minutes remaining in the half. A pair of free tosses by Henry Schwab were matched by Warfel's hook shot. The lead changed hands by one-point margins four times in the fading moments and six seconds before intermission.

Jackson landed a stab to give the visitors a 30-29 lead at the half.

Grzelecki's jump shot at the start of the second half gave Gettysburg its only lead of the half at 31-30. During the first 10 minutes of action Hofstra held a narrow edge. A set by Warfel after 7:23 cut Hofstra's lead to 43-42 but then the visitors started to pull slowly away.

McGowan and Warfel each landed 15 points for the Bullets. Jackson and Dunn netted 17 and 16, respectively, for the Dutchmen.

**Frosh Impressive**  
The Bullet freshmen, sparked by a pair of sharp-shooting back courtmen, Ronne Warner and Bob Parker, turned in an impressive exhibition in trouncing the Hofstra yearlings in the preliminary 96-81.

Warner, ex-York High ace, looped 34 points while Parker, a former star at Yeadon, swished 25. George Burnett, Wicomico, Md., netted 16. At half time Coach Howard Shoemaker's team led 49-41.

Both Bullet teams face two engagements this week. Albright will come here for a double-header Wednesday evening while Villanova will be met in another twin bill at Philadelphia on Friday.

## Brown Beats Van Buren Mark

PHILADELPHIA (AP) — Cleveland's Jim Brown already has broken Steve Van Buren's National Football League season rushing record.

And the former Philadelphia Eagle doesn't mind if Brown topples his season touchdown mark. Prior to Sunday's Eagle-Browns game, Van Buren so told Brown with some reservations.

Brown got 138 yards rushing as the Browns won 21-14. He now has 1,379 against Van Buren's 1949 record of 1146. But Brown didn't get the score he needed to tie Van Buren's 1945 record of 18 TDs.

"He said he hoped I'd get two touchdowns and beat the record," Brown said, reporting his conversation with Van Buren.

With a grin, Brown continued: "Then Steve added he was figuring the Eagles would get at least four touchdowns."

## BROWNS BEAT EAGLES, GIANTS EDGE DETROIT

By MIKE RATHET  
Associated Press Sports Writer

Coach Paul Brown, master manipulator of the Cleveland Browns, set out today to find the weapon capable of destroying the New York Giants' defensive bastion.

It's the Giants' defensive unit Brown has to beat Sunday in New York's Yankee Stadium if Cleveland is to add to its string of Eastern Conference titles in the National Football League.

Cleveland defeated Philadelphia 21-14 Sunday, clinching at least a tie for the championship, while the runner-up Giants stayed alive with a 19-17 victory at Detroit.

**Winner Meets Colt**  
That leaves the Browns (9-2) with a one-game lead over New York (8-3). A tie or victory in the regular season finale Sunday gives Cleveland the title.

If a playoff is needed it will be staged in New York Dec. 21. The Eastern winner meets the Baltimore Colts, Western Conference champions, for the NFL title the following Sunday in the Eastern entry's park.

The Colts dropped a 30-28 decision at Los Angeles Saturday, although Baltimore quarterback Johnny Unitas pitched three touchdowns passes and set an NFL record. It was the 24th consecutive game in which Unitas had passed for a TD, breaking the mark set by Green Bay's Cecil Isbell in 1942 with 23.

In other games, the Chicago Bears beat the Chicago Cardinals 30-14, San Francisco ripped Green Bay 48-21 and Pittsburgh came off with a 14-14 tie against Washington.

**Plum Big Man**  
Quarterback Milt Plum was the big man for the Browns, scoring twice and then throwing a 48-yard strike to Ray Renfro for the TD that broke a 14-14 tie in the third period.

While the Eagles were unable to mount any sort of running attack, Jimmy Brown padded his league-leading rushing yardage total with 138 yards in 21 carries over Cleveland.

Norm Van Brocklin was the Eagles' only threat. He completed 15 of 27 passes for 154 yards and one touchdown.

**Gifford Decided It**  
Harland Sware blocked a last-minute, 25-yard field goal attempt to save the Giants' victory after the defending world champion Lions appeared to have the game won.

The Lions had overcome a 12-3 halftime deficit with two quick third periods TDs. In the fourth quarter they tried a fake punt, sending Yale Lary around end on fourth down with 25 yards to go. The Giants stopped him with a yard gain, and five plays later sent Frank Gifford plunging across for the deciding TD.

**CELTIcs LOSE TO SYRACUSE**

By THE ASSOCIATED PRESS  
The Syracuse Nationals took a bow today for bouncing the Boston Celtics out of first place in the Eastern Division of the National Basketball Assn.

In a home-and-home weekend series, the Nats whipped the Celtics 101-92 at Boston Saturday and then repeated Sunday night with a 106-104 victory.

As the result, the New York Knickerbockers, who were idle Sunday after losing 99-92 to Detroit Saturday, took over first place by a half-game margin over the Celtics.

Syracuse's two victories moved the Nats into a third place tie in the division with the Philadelphia Warriors.

The Warriors dropped a 107-97 game to the St. Louis Hawks Saturday, then trounced Cincinnati 103-90 in Sunday's televised game. Cincinnati won Saturday, downing Minneapolis 132-128 in three overtimes.

# Santa and the ELF BOY

by LUCRECE HUDGINS BEALE

**SYNOPSIS:** The cobbler has sent Esteban to deliver a pair of slippers to the Castle on the Hill. In the toe of one slipper he finds a strange note. He rushes back to the cobbler's shop.

## CHAPTER FOUR THE CASTLE

"What?" cried the cobbler when Esteban burst into the shop. "Could you not even deliver the slippers to the Castle on the Hill?"

"Look!" cried Esteban. "Look at what I found in the shoe!"

He held out the slip of paper. The cobbler put on his reading glasses and peered at the note. "If you believe in fairies, help me before it is too late!" he read. The he shook his head angrily. "What is this nonsense?"

"It was in the shoe," said Esteban. "A message in the shoe!"

The cobbler took the red velvet slipper embroidered with gold. "My boy," he said sadly, "I am an old man and you have bothered me all day long. Please go away now and never come here again."

"But the message?" gasped Esteban. "What..."

"When I repaired these shoes," said the cobbler, tearing up the slip of paper, "I found no message there."

"It was in the toe. You couldn't have felt it," cried Esteban. "What shall we do?"

"Do nothing," snapped the cobbler.

"Don't you believe in fairies?" cried Esteban.

"Stop bothering me!" shouted the cobbler. And with that he pushed Esteban into the street and slammed the door.

"What can it mean?" wondered Esteban. "A child sent the note, for the slippers were small and narrow and scarcely fit on my hands."

## SLEEPLESS Nights Due To Upset NERVES

One Gettysburg lady recently stated that for over a year she didn't get a good night's rest. She would toss and roll about the bed, all night long, due to Upset Nerves. She got Sys-Tone and said the second night after she started taking it she slept 8-10 hours. Now she sleeps soundly, every night, and says she feels fine every morning.

Sys-Tone is helping nervous men and women all over Gettysburg. Contains vitamins to quiet the nerves—without harmful drugs—and Carminative Herbs to relieve gas and aid digestion. Also contains iron and the best vitamins for energy. Costs only a few cents a day. So don't go on suffering. Get Sys-Tone—Peoples Drug Store. Also sold by all drug stores in Gettysburg and nearby towns.

Esteban furiously pounded against the castle doors.

side Esteban's shirt and the boy thought, "Should I send the bird for Santa? But suppose it is all a joke. They'd call me a fool. I must find out what it is myself."

He went straight to a peanut vendor on the street corner. He said, "Can you tell me where to find the Castle on the Hill?"

"Certainly," said the peanut vendor. "That's Professor Szpilki's castle. Look yonder, you can see the windows even from here."

Esteban looked where the peddler pointed and there stood a great white castle surrounded by a great white wall. While Esteban looked, the sun sinking in the west was reflected in the windows and they turned red as though the castle had burst into flames.

"That's a scary looking place," said Esteban with a shiver.

"It is indeed," said the peddler. "They say that Professor Szpilki is out of his head since the loss of his wife. You take my advice and stay away from there."

Esteban pulled his coat tight to protect the blue bird. He struggled against the wind towards the single light at the top of the hill. Suddenly there was a flash of lightning and the whole castle stood clear and bright with the door right in front of Esteban. He threw himself against the door and pounded with his fists.

"For a long time there was no answer and then there was an awful crash. The one light in the castle went out, and the door slowly opened."

Although the night had been calm, there now came a mighty wind and a downpour of freezing rain.

Esteban pulled his coat tight to protect the blue bird. He struggled against the wind towards the single light at the top of the hill. Suddenly there was a flash of lightning and the whole castle stood clear and bright with the door right in front of Esteban. He threw himself against the door and pounded with his fists.

"For a long time there was no answer and then there was an awful crash. The one light in the castle went out, and the door slowly opened."

## SCRIPT CHANGE

NEW YORK (AP) — The script requires Star Tom Poston to drink two bottles of Scotch during "Drink To Me Only," but the performance was varied for a recent performance attended by 200 Kentuckians.

With a bow to regional preference, all references to Poston's imbibing on the occasion were changed to bourbon.

What he actually downs during the show remained unchanged, of course — caramel water.

## WILL SEEK TO CLIP POWERS OF MILK BD.

By RICHARD L. GRAVES  
HARRISBURG (AP)—City lawmakers will spearhead a fight in the 1959 general assembly to abolish the retail price-setting power of the state milk control commission.

"I expect to introduce such legislation and I think it should have plenty of support this year," declared Rep. John J. Welsh (D-Phila.), a 10-year House veteran and Philadelphia union leader.

He and two other Philadelphia Democrats backed a similar effort in the Republican-controlled 1957 General Assembly, but the legislation died in the House agriculture and dairy industries committee.

"Different Story Now"

"It will be a different story this time," Welsh contended. He alluded to the fact Democrats have a 108 to 102 majority in the House for the upcoming legislative session. That means Democrats will control the chairmanship of the committee where the Welsh bill died two years ago.

"The bill we introduced last time was a good bill," Welsh said. "This time we expect to put in the same measure. If we make any changes at all, we will make it stronger."

He said also he expects the measure to have the active support of labor unions. Though unions have supported such action unofficially, they did not support it openly in the 1957 session.

**Federal Orders**

The legislation introduced in the last session would not have affected the commission's authority to set wholesale milk prices paid to producers.

The effect of the bill would have been to throw the retail marketing of milk wide open to competition. The hope of supporters of the measure was that such competition would result in a lower retail milk price.

They cited federal milk marketing orders as their strongest economic point against state regulation of retail prices. The federal orders regulate the minimum prices of wholesale milk in a number of cities across the country, but

do not touch retail prices.

## Longtime Issue

Retail milk price regulation has long been an issue in the state's urban markets. Over the years lawmakers from both Philadelphia and Pittsburgh have aimed bills at the milk commission seeking to strip it of retail price authority.

However, the state's organized milk dealers have successfully thwarted moves to eliminate retail price regulation.

They have contended that elimination of retail price regulation without similar action at the whole sale level would force them to protect their profit margins.

## The Sore Point

Opponents of retail price regulation counter that price reductions through competition would stimulate consumption to the point that dealers' profits would be protected.

The sore point with enemies of retail price regulation is the feature of the 1937 milk control law which guarantees both producers and dealers "a reasonable return" on their investment.

The law leaves it up to the commissioners to decide what a reasonable return shall be and how they will determine it. The three-member commission is now made up of chairman Joab K. Mahood, Troy, Bradford County, and John A. Smith, Dickinson, Cumberland County, both dairy farmers, and Simon K. Uhl of Somerset, whose assignment is to protect consumer interests.

## Differing Views

Under present prices the commission allows a dairyman about 5 per cent gross profit on the market value of his farm investment. It allows the dealer 2 to 2½ per cent net profit on total sales.

The percentage of sales system of determining a dealer's fair profit has been sharply criticized by opponents. They point out that—according to milk commission rec-

## EX-HEAD LEADS IN VENEZUELA

CARACAS, Venezuela (AP)—After 10 years of exile and outlawry, ex-President Romulo Betancourt and his leftist Democratic Action party held a big lead today in returns from Venezuela's first free election since the overthrow of dictator Marcos Perez Jimenez.

With more than a fifth of the votes counted, unofficial returns

ords—a dealer is thus allowed a 10 to 14 per cent net profit, before taxes, on the stockholders' or owners' equity.

The opponents contend that the profit margin is higher than the average return received by all the firms listed on the New York Stock Exchange.

At present wholesale prices, farmers get 13 to 14 cents on a quart of milk. The remainder, except for the fraction of a penny of dealer's profit, goes to costs of marketing and distribution.

from the voting Sunday gave Betancourt 302,368, Rear Adm. Wolfgang Larrazabal 226,633 and Rafael Caldera 134,770.

Betancourt's party came to power in the 1945 revolt which overthrew Gen. Isaias Medina Angarita.

Larrazabal, 47, was head of the junta which ruled the country after the ouster of Perez Jimenez last January. He was the candidate of the Democratic Republican Union and also accepted the Communist party's endorsement.

Caldera, 42, a lawyer and labor expert, leads the Christian Socialist party (Copei).

## PSU TO BUILD APARTMENTS

UNIVERSITY PARK, Pa. (AP)—Pennsylvania State University officials today studied a plan to build 216 apartment units on the campus next year to provide housing for the growing number of married graduate students.

President Eric A. Walker said

the Executive Committee of the Board of Trustees has authorized university officials to seek bids on the project. He said the project would be the first phase of a housing construction program necessary for the future expansion of graduate school enrollment.

Walker said housing for single and married graduate students is becoming a major problem on many university campuses. He said the increased emphasis on post-graduate study is expected to increase graduate enrollment at Penn State from the present 1,651 to 4,250 by 1970.

Present plans call for 72 one-bedroom apartments and 144 two-bedroom units. The apartment buildings would be two-story residential type structures.

BROCKTON, Mass. (AP)—Unlike Little Jack Horner, 2-year-old Laura Jean Valley put in her thumb — into a can of potato sticks — but failed to pull out anything. Including her thumb.

But Laura Jean wasn't upset when hospital doctors freed her hand and took two stitches in her cut thumb. She kept on eating the potato sticks.

## MRS. KRAVITZ WILL TESTIFY

NORRISTOWN, Pa. (AP)—"She has a story to tell," William L. O'Hey, attorney for Mrs. Ethel Kravitz, said Sunday when he announced his client planned to take the stand at her murder trial.

"Right now our plans are to have her on the witness stand," said O'Hey after he conferred with Mrs. Kravitz, 45-year-old Wynnewood woman accused of the July 4 slaying of her husband Max, 47.

Her trial entered its second week today.

Bernard DiJoseph, district attorney, said he planned to wind up the prosecution's case late Tuesday or Wednesday. He planned to call as witnesses Capt. William E. Shaffer of the Lower Merion state police barracks, and Mrs. Gladys Robinson, a neighbor of the Kravitzes.

## DEMOCRATS IN HOUSE MEET ON TUESDAY

HARRISBURG (AP)—Members of the Democrats' 108-man state House majority meet Tuesday to organize for the legislative session. Rep. H. G. Andrews is the apparent favorite to get the top job of speaker.

Andrews, 82, veteran lawmaker and former newspaperman, was speaker of the House when the Democrats last had the majority in that chamber during the 1955 session.

The 102 Republican members of the House are scheduled to hold their organizational meeting Thursday. The legislative session begins Jan. 6.

Wood To Go

Mrs. Varallo had sought support to run for speaker. She has apparently dropped these plans.

U. S. Rep. William J. Green, Democratic city chairman of Philadelphia, is expected to recommend the next House chief clerk to succeed Lloyd H. Wood, one-time GOP gubernatorial candidate. Wood will step out because of the Democratic majority.

Most prominently mentioned for this \$11,000-a-year post has been Joseph Ominsky, a former House member who has served as Philadelphia coroner.

## James MARLOW Reports

The Associated Press

WASHINGTON (AP)—A highly critical Democratic Advisory Council — of which former President Harry S. Truman and Adlai Stevenson are members — blasts President Eisenhower's conduct of foreign affairs but offers no basic change of its own.

That sums up the long statement issued Sunday night by the council on American goals at home and abroad. It was a lot more explicit about domestic targets than foreign ones.

The council did suggest the Democrats, since they're running Congress, could produce a foreign policy they like if Eisenhower fails to please them. The council said:

Congress "has its own constitutional tasks both in devising policy and in wisely exercising the power to grant legal authority for its execution, along with the necessary manpower, material and funds."

Double Irony

But the council is caught in a double irony:

The Democrats, who'll run Con-

gress these next two years, have been running it the past four. In that time they did not, as a party, produce any foreign policy basically different from Eisenhower's.

They'd be in an embarrassing position if they did.

The basic policy followed rigidly by Eisenhower since he took office in 1953 — containment of Soviet and Chinese Communists by ringing them with military bases and alliances — was the one laid down and followed by Truman before him.

Seemed To Say

The council even seemed to say — but not in so many words — that it approves the containment policy and wants no change in that. It said: "We are wholly determined that our country shall carry out solemn commitments to which it is a party."

The only place where the council got specific on foreign policy was in the field of foreign aid. It wants that stepped up.

Not Changing Stand

For instance: Last Week Secretary of State John Foster Dulles made it clear American policy towards Red China — a policy initiated by Truman — will remain rigidly unchanged for Eisenhower's last two years in office.

The policy toward the Red Chi-

nese — in addition to American military alliances around them — is nonrecognition.

This country under both Democrats and Republicans has refused to recognize the Chinese Communists as the lawful rulers of mainland China, has no formally official dealings with them, and is against United Nations membership for them.

No Change Soon

Dulles — and he seemed to be projecting his thought into the indefinite future — said that to recognize the Chinese Reds and welcome them into the family of nations would be to pave the road to American disaster.

This way: The prestige thus given the Communists would increase their influence in Asia where they are bent on eliminating American trade and driving the United States out of the western Pacific.

Since the Soviet and Red Chinese basic foreign policy is also rigid — push and take over where they can, always with the thought of undermining and surrounding the West — no real change on either side is likely, at least soon.
